

T0318 RS232

Model: T0318

A precision digital temperature sensor with a stainless steel body and a 1/2" NPT fitting. It is designed for use in HVAC systems and is compatible with the KU68 controller.

Specifications

Accuracy	±0.5°C
Resolution	0.1°C
Operating Range	-10 to +50°C
Protocol	ModBus RTU (Advantech ADAM)
Speed	110 to 115200 Bd
IP Rating	IP20
Voltage	9-30Vdc, max 20mA
Dimensions	88 x 106 x 33 mm (W x H x D)
Material	ABS
Mounting	Panel
Weight	~150g
Lead Time	3 weeks
